Mrs.Schwab wonders if her son Lieut. Col.Linden H.Schwab could march with her and carry the lilac wreath which the Department of Parks is sending by us. He has ssen service Overseas- and is now with the Medical Procurement Depot at Brooklyn. He has a handsome uniform with all his service bars etc. and he will look very impressive. Sine he was born in Rochester and graduated from the Unive.of Rochester it seems very appropriate to have him in the procession for the city. He will be an addition because of his uniform. When they go up to the bust he will hand the wreath to his morther and she will place it. He lives in Forest Hills and you have already sent him an invitation so he will be there.

I wonder if you could send me three brochures so our city papers on Monday can have all the information for the papers- It means they must write up the account on Sunday so they would like the brochures ~~for~~ by Friday- sent to me-and then I will give them to the papers - and they will not use the material until Monday. Mrs.Schwab and I will leave Say. at 3.40 on the Empire State Express.

You will be very much pleased to know that the Park Department are taking a special interest in arranging a wreath of Susan B.Anthony Lilacs in some kind of spganum moss which will keep the flowers fine until Sunday afternoon and aflorist - a woman florist is arranging the sunburst of golden glads for me to take down.

Loyally
M. L. Howard
(Mrs.George Howard)
